### WHAT DOES PERFECT PAIRING DO FOR THE COMMUNITY?

This is an opportunity for the community to come together, take part in a delightful wine-tasting and show support for Caledon Community Services.

The goal of this event is to raise money for the Transportation Program at Caledon Community Services. This important program provides 30,000+ rides annually to seniors and those with disabilities, ensuring that these residents have access to a community lifeline. With your help and support, they are able to attend essential medical and dialysis appointments, shop, and attend social activities, which gives them the independence they need.

### WHY SUPPORT PERFECT PAIRING?

Perfect Pairing will attract approximately 200 Caledon residents. The magic of the night will be enhanced by the mouth-watering wines that will be paired with an inspired gourmet meal.

The true magic, however, will lie in the businesses and residents who sponsor and support the evening. These people are the real reasons behind our success. They allow this fundraiser to soar and to help us provide critical transportation services to those in need as we fulfil our mission “to help people help themselves by working creatively and responding to community needs”.

### WHY HELP CALEDON COMMUNITY SERVICES?

In 1971, CCS began as a community information and crisis line. The agency has now grown and become “all things community” which is an organization that provides service to all ages and stages. It covers all aspects of a commitment to ensuring no one, not one person, should ever be left behind. CCS’ success is possible because of the community, its people and the commitment they put forth to all of Caledon.

Perfect Pairing will increase the provision of transportation to seniors and those with disabilities. Accessibility is vital; without it, independence is lost. Providing transportation allows seniors and people with disabilities to live independently as long as possible and gives them the support they need.
