CCS Eco-Stores Product Quality Guarantee

All our merchandise goes through **3 levels of inspection** to ensure the high quality standards this community deserves.

(If you are unsatisfied with your purchase we welcome exchanges. Receipt must be present and original tag attached.)

- 1.** For your protection our donation receivers and truck drivers inspect and dispose of any items that do not meet our minimum standards before they enter the store.
- 2.** Volunteer sorters carefully inspect items. Anything that is not sellable is sent to salvage to be recycled and reused.
- 3.** Our pricing and hanging experts make a final inspection of each item for appraisal and pricing before it is placed the sales floor.
